Survey

We have identified your paper "Placeholder" as possibly re-using artifacts from other research papers. This is commendable and an important part of open science.

In the following table, we list your paper's citation to another paper, that paper's DOI, and our assessment of what sort of re-use we identified. Feel free to add clarification for each re-use.

For each row, please indicate with the checkbox if you agree that this is the re-use you had in mind.
